
The hunt is designed so that different groups can start in different areas around the museum and follow the circuit. It's a great way to get an overview of the museum and find out about objects.

There are four different starting places.

Group your students into teams then allocate a different starting

(the museum or UC number is for quick reference)

1. Pepy (UC14540)
2. Amarna
- 3.

Inscriptions gallery

UC7888

Dynasty XVIII or 18. This means I was possibly made around 1400 BCE, making me around 3400 years old.

What am I?

from different materials, like wool, leather, papyrus and fibre. Can you find UC28303. I have a fat base, leather bindi.

Next, look around at the cases in the room
